All

Here are the attachments that did not send. I made a slight change to the agenda (only) to include introductions of workgroup members. We will keep you posted about the weather when we hear something. Everybody stay safe and warm.

All,

Attached are the materials sent to the DAA for the briefing on Wed. I have attached the agenda here as well. This agenda is similar to the 1,4 dioxane agenda, also being presented next week.

For our meeting at noon on Tuesday for those identified on the agenda, please put together 5-10 minute talking points on the status of your discipline area for the RE.

Be honest and consider what is most important to convey. Bring them to the meeting on Tuesday for discussion with the rest of the workgroup.

Thanks and have a nice long weekend.

Susanna:

Attached are the following:

1. Schedule update
2. Asbestos workload for RAD team members
3. Exposure data evaluation sheets for asbestos (not QC'd yet)
4. Ecotox data evaluation sheets
5. Draft Risk Evaluation (in track changes with comments/some formatting issues)

We will be sending an agenda on Tuesday.

Let me know if you have any questions.
